

CONTENTS

Józef Szpikowski, Grażyna Szpikowska

Changes within the geoecosystem of a small lake catchment
in the last three decades versus changes in land use and
precipitation quality (Radomyskie Lake, upper Parsęta catchment) 7

Maciej Major

Geographic individuality of basins without outlets
in a post-glacial area (the Parsęta catchment,
West Pomeranian Province) 21

Andrzej Kostrzewski, Mariusz Samołyk, Jacek Tylkowski

The dynamics of fluvial transport of solutes in the fluvial-lacustrine
system of the Lewińska Struga Stream (Wolin Island,
West Pomerania) 33

Małgorzata Mazurek, Robert Kruszyk, Grażyna Szpikowska

Role of channel heads in determining water chemistry
of 1st-order streams in postglacial areas of West Pomerania 47

Andrzej Kostrzewski, Mariusz Samołyk, Jacek Tylkowski

Physical geographic conditions in the Gardno Lake
catchment (Wolin Island) 65

Robert Kruszyk, Andrzej Kostrzewski, Jacek Tylkowski

Variability of throughfall and stemflow deposition in pine
and beech stands (Czarne Lake catchment, Gardno Lake catchment
on Wolin Island) 85
